Subject: Suggestions on Repro SQ table and MOA section
Attachments: FA_DevReproMOA_111215ak.docx; FA DevRepro Study Quality table 11-4-15ak.docx

Hi Sue,

Here are some comments on the study quality table and MOA section that you provided (the latter is not in track changes because I shuffled a lot of text around). The comments on the MOA section may be a little difficult to follow, so please let me know if you would like to discuss them, or we can discuss the section once you are done taking a first stab at revising it... Barbara and I are working on compiling comments on the synthesis text that you sent, and will provide that (hopefully) sometime next week.

Thanks,
Andrew and Barbara
